My family and I just stayed at Shadow Lake Retreat and absolutely loved it! They had us covered with everything we could have needed - from pack-n-plays to towels we really only needed to bring food and clothes! The only issue we had was it was really HOT and the air conditioner was having a hard time keeping up. Most rooms upstairs had ceiling fans except for 1-2 so it would have been nice to have some box fans to cool those rooms down. The microwave sparked the first night and the maintenance technician came and took it but there was another unit in the basement. Overall neither of these things would prevent us from going back - in fact we're alrea looking at dates to go back!!!

My Response

Thanks for the review! Based on your review and a few others we are purchasing a few more fans to try to help with the AC circulation. It is a big house so it's harder for the AC to keep up, especially with people going in and out so often. (We're hoping this will help a little though.) Sorry about the microwave fluke, we did purchase another one so we're back to two again! Glad you had a great stay, we look forward to a future booking!

The pictures of this home don't even come close to portraying how perfect of a property this is! Spacious, inviting, well maintained interior and the most beautiful view of the lake. The kitchen is huge, well equipped and inviting for a large group of people to congregate and cook/eat dinner together. The many bedrooms are comfortable and cozy without being crowded. There are so many different areas to relax from the upstairs porch, the downstairs patio, the porch in front of the house, the fire pit and the dock. Very quiet location on a beautiful lake. Canoe, kayaks and paddle board provided along with plenty of life jackets, it felt like being at camp! Great space for grilling out on the back patio. We will be looking for any reason possible to get a group together and stay here again. Best rental experience we've ever had. Thanks so much!

We rented Shadow Lake Retreat House for Memorial Day weekend.This place could get so easily 5 stars..We will give one more star for everything this house can offer...As soon as we opened the door ,we were fascinated by amusing look and atmosphere inside. Owner of this beauty did such a nice place for people to stay having impression that you are in your own house or the best hotel somewhere in the big city..Whatever you can imagine or need to use ,you will find here...No just find...BUT VERY CLEAN AND IN ORDER..For sure you will spend the most of the time in the kitchen , living room,game room or enjoy beautiful view of the lake from the outside...We have people from 12 y.old to 88 y. and there was enough space for everybody. Having kayaks and canoe is such a big bonus. For fisherman; There is some big size bass and northern pike.You will be sorry to leave this house in the end of your vacation...but you will promise yourself and your friend,You will be back....I did the same... PS ; would be such a nice if this house has any kind of fishing boat. Thank you owner for sharing this place with people !!!

My family spent a lovely winter weekend here, and enjoyed the spaciousness of the home plus the vicinity to the lake. Sledding in the yard would have been fun, had it not been for warm weather that turned all the snow to pure ice in the days just prior to our stay, so ice fishing was a hit instead! The kitchen is a definite bonus for this property - it has plenty of room to hang out and is stocked well for cooking, as we did. We can safely say that we will be back!

My family lives all over the country and one in Australia. We used this property to all get together for Christmas with our families. We had plenty of room, and still felt the nice and cozy feel. The kids enjoyed the hill for sledding while the adults could watch them from the comforts of the indoors. Everything was great, and the owner was easy to work with. Everyone very much enjoyed our stay and the house.

We absolutely loved the Shadow Lake Retreat House! It is very spacious and EXTREMELY clean! We found everything we needed in the well equipped kitchen. The home is situated in a quiet neighborhood. It has an absolutely beautiful view of the lake. The owners were wonderful about answering all of our questions before our weekend. Bethanie, thank you so much for sharing your home with us!
